

InSpec N10

designed with Dycem in mind

InSpec N10 is a powerful non-sterile solution of mildly alkaline detergent, for cleanroom walls, floors, ceilings and work surfaces, specially formulated for Dycem flooring.

SPECIFICATION AND BENEFITS

- Pre-diluted manual detergent (4% v/v) blended with WFI quality water
- Powerful cleaner, comprising a blend of alkaline detergents, surfactants and sequestering agents
- 1000ml bottle, containing approximately 4ml alkaline detergent, plus 96ml WFI quality water
- Convenient, ready to use spray format (do not dilute)
- Safe for manual cleaning operations

DIRECTIONS FOR USE

1. Hold the trigger upright, or at a slight angle, and spray the surface liberally with the detergent solution
2. Cover the entire area and leave for approximately thirty seconds to allow the detergent to act on the residue
3. Agitate the Dycem surface using the Vikan squeegee, and completely remove the solution from the Dycem surface
4. Excess residues can be collected from the edge of the Dycem flooring with a damp sponge or micro-fibre mop

Please note: This product is for **professional use only**.

STORAGE INFORMATION

Store upright in the original closed container, away from direct sunlight and extremes of temperature. Store between 2°C and 30°C. Use within two years of the date of manufacture. Once opened, use within thirty days. It is recommended that the user marks the bottle with the date of opening and discard date in the allocated space to ensure that usage does not exceed this period. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.

SAFETY AND HANDLING ADVICE

Harmful if swallowed.

Irritant - Avoid contact with skin and eyes. Wear suitable protective clothing, gloves and face/eye protection when using this product.

- In case of contact with eyes, wash immediately with plenty of water and seek medical advice.
- If product comes into contact with skin, wash immediately with plenty of water.
